

based on the common stock as well as ten per cent on the guaranteed. At the office P. M., Hudson was firm, and Harlow, Pacific and Southern old were in active demand. In the afternoon the market was very strong, especially on Southern old, which rose 1½ per cent. Hudson and Harlow, Old Southern promises to prove a second Harlow or a second Pacific, and the shorts were greatly distressed about their contracts this afternoon. At the four P. M., call the market was firm, though the amount of business done was insignificant.
